Township Register

49 YEARS OLD — FRIDAY, SEPTEMBER 3, 1937 — NO. 35

AROUND the TOWNSHIP

Frank Nunes was a sort of "character" around the township. We will miss seeing his ample person, with its knaki shirt and big rabbit's foot on a watch chain, ambling along the main street.

Frank, in many ways, had a very satisfactory life. He worked industriously for many years, saved his money and took care of himself, asking nothing of anyone.

For amusement, he constituted himself the official opposition political party of Niles, ran for election against all incuments, generally on a write-in ticket, and never got upset when he was defeated. Even his political enemies regarded him with a sort of affectionate dislike. School board elections won't be the same without Frank.

Niles boys will especially miss Frank. He worked wholeheartedly in the interests of the Scouts. He generally was given tedious detail work to attend to, but he attended to it with meticulous attention and never complained.

Mrs. Sybil Tynan Tucker, canyon poetess and chicken raiser, brought a couple of large gourds into the Register office the other day. She says Mr. Martinelli told her that they are exceptionally large for this part of the country.

* * * *

If the new production manager at the Graham foundry sees us barging into his office unannounced one of these days, he can lay it to the fact that his office door is wherethe front door of the plant used to be.

Scoop Pashote, our Newark reporter, sends us the following:

The Newark Junior Chamber of Commerce jazz band, and A. L. Silva who was dressed as a woman and pulled a cart that had the advertisement of the dance at Swiss Park on October 9 were admired very much last Sunday. Two cars were also decorated..

The Frank Duartes have been married eight years this week. Frank has been in the grocery business for 18 years. He says he likes both the grocery business and married life.

Congressman Tells Plans For New $70,000 Post Office At Niles

NILES—Rumors that Niles was to have a new postoffice building were current in the city last week and were brought to the attention of the Chamber of Commerce. A wire was sent to Congressman Albert E. Carter and the following letter was received this week:

"Your wire of August 21, has been received by me. I have been working on a proposition of obtaining a new postoffice building for Niles for a number of months. I have succeeded in getting it accepted by the Post Office Department as a place that should have a building. It is estimated that the project would cost $70.000.

"Certain money was appropriated in the deficiency appropriation bill which recently passed the Congress to carry on this building program. The places will be selected according to their need, and I cannot say just when Niles will be reached. I want to assure you, however that I am going to continue my efforts in behalf of your postoffice building.

"I expect to leave for California very soon and trust I may have the pleasure of meeting with the members of your organization before long. With best wishes, I remain

Very sincerely yours,

Albert E. Carter."

MARX BROS. COMING SOON

NILES—The Marr brothers, past masters at silly maneuvering, will be the principal feature of the coming week's program at the Niles theatre, says Manager William Helm.

"A Day at the Races" is the title of the piece and it has to do with a horse that won't go unless he hears a certain voice, a garage mechanic who turns doctor and a similar lot of foolishness.

The show is notable primarily for the fact that Harpo quits his habit of chasing blond girls around.

Other films of the week include "The Great Hospital Mystery" featuring Jane Darwell and Joan Marsh, the girl with the funny legs, and Richard Arlen and the Three Mesquiteers in a couple of lively westerns.

BENDEL BUSY WITH FIGHT AGAINST MOSQUITO BREEDING

NILES—Roland Bendel, Washington Township foreman of the Alameda County Mosquito Abatement District, is fighting mosquitoes on several fronts.

Part of Bendel's forces are engaged in laying out approximately two miles of ditch to drain marsh between the railroad fill and the bank of a channel recently dredged to reach the Magnesite Company's plant near Newark. Prolific breeding of migratory marsh mosquitoes in this area has been assisted by breaks in the Niles outfall sewer.

As soon as this emergency job is completed Bendel will have another major problem on his hands in ditching the old Plummer's marsh, now owned by Leslie Salt Co. A practically complete breakdown of old dikes around this marsh has provided a serious mosquito breeding problem.

In the meantime, oiling operations are being conducted to control mosquitoes breeding in numerous dairy drains, cess-pools, and similar collections of standing water all through Southern Alameda County.

In order to reach mosquitoes breeding along the banks of Alameda Creek, which was filled with water from washing of cheeries, Bendel recently mployed a boat. The oiling was completed just in time for Bendel and two aides to leap ashore as the badly leaking boat sank.

NEW PRINCIPAL ARRIVES AT NEWARK SCHOOL

NEWARK—Principal Jack McGregor arrived at the Newark School Monday morning to grett 194 students, an increased enrollment. It is expected the number will advance to 220. He stated he was very much pleased with conditions found and already likes Newark. He is a nephew of Mrs. Emma Murray, Niles librarian, and did his practice teaching in the Niles Grammar School. He is not married and refuses to tell his age to such garrulous folk as newspaper reporters. You can guess for yourself when you see him, anywhere from 22 to 28, and not bad to look at. He graduated from San Jose State Teachers College and taught two years at San Juan Bautista. He has four new teachers on his staff and one remaining from last year's faculty.

MANY ENROLL IN SCHOOLS OF TOWNSHIP

A total of about 1200 students enrolled in Washington Township Schools on Monday. DWIGHT THORNBURGS HAVE BABY DAUGHTER

IRVINGTON—Little Miss Elaine Thornburg, daughter of Mr. and Mrs. Dwight Thornburg, arrived at the San Jose hospital Wednesday morning at three minutes after twelve, delaying her arrival just long enough to be sure she got in on the horiscopically auspicious calendar for September. Dwight says he is tempted to call her "September Morn". He was in for congratulations at the Washington Union High School where he is instructor of music and is to be excused if he took time out frequently to comment on the unusually strong lungs of his small daughter. He privately remarked that he was glad the baby is a girl, for she will never know what a father suffers while pacing a hospital corridor.

RITES HELD FOR DAUGHTER OF JOHN BARTONS

NEWARK—Betsy Jean Barton, aged eight years, daughter of Mr. and Mrs. John Barton, of Newark, was given final rites last Friday at the Chapel of the Palms in Centerville with Father Gleason officiating. BUD RUSCHIN WEDS EASTERN GIRL IN DURHAM

NEWARK—News has been received here of the marriage of Louis, "Bud" Ruschin, son of Mayor Louis Ruschin of Newark to Miss Clara Ward Rigsbee of Durham, North Carolina. The groom is widely known throughout the township and in Stanford University circles where he took his A. B. degree and was prominent in athletics.

The bride is the daughter of the late Clarence Dixon Rigsbee and Mrs. Rigsbee of Durham, North Carolina and the granddaughter of the late Mr. and Mrs. Norman Underwood of the Underwood Typewriting firm, and the late Mr. and Mrs. John V. Rigsbee.

The wedding was a quiet affair due to the recent death of the bride's father. Only members of the family and a few intimate friends were present. After the ceremony th ecouple left for a honymoon in Nw York City, Washington, D. C., and Montreal, in which city they will reside while the groom is completing his medical training at McGill University.

The nuptial rites were said by Rev. Dr. H. C. Smith, pastor of Duke Memorial Church. An improvised altar in the living room was banked with palms, tall baskets of flowers and cathedral candles. The bride wore a navy blue crepe ensemble with matching accessories. An imported lace jabot was held in place by an old gold brooch, a family heirloom.

The bride attended Duke University, received her A. B. degree from Greensboro College and her B. L. S. from McGill University. For the past several years she has been librarian at Duke University.

The groom is a member of the Sir William Osler Honorary Medical Society and was an all-Canadian Rugby selection in 1935. In 1936, he was Canadian Inter-collegiate heavyweight boxing champion. He spent this past summer with his father, Louis Ruschin, and his sister, Miss Julia Ruschin, Newark postmaster. For two weeks he interned at Peralta hospital.

GO SLOW

Let property holders and those looking for business opportunities restrain their excitement over prospects for the east bayshore highway.

Pictures of the proposed route from San Leandro to San Jose, which have appeared in the daily papers, do not give a true impression.

There has been no final decision made or any detailed survey of the route through Washington township. Their is little chance that the road will be built down this way in less than four years. And a lot can happen in four years.

State highway officials do not know if the road will run between Newark and Centerville, between Newark and the tide flats, or through Newark.

Don't start buying any service station or hot dog stand sites yet.

POST OFFICE

Congressman Albert Carter's self-admitted activity for a $70,000 post office for Niles convicts him of being either a fool or a hypocrite.

If he thinks Niles needs a $70,000 post office, he's a fool.

If he is publicizing his plans, knowing full well that such a building is not needed, he's a hypocrite.

We are inclined to believe that the latter is the case. He is probably making the move with an eye on the local vote.

If so, he is underestimating the intelligence of local voters who know perfectly well that a $70,000 post office would be a criminal waste of money.

The present post office building is big enough to take care of Niles' needs. If and when local postal receipts are sufficient to boost the local office to first class, a $15,000 or a $25,000 building will be more than adequate.

The Niles post office serves a population of about 2000 persons.

If the New Deal and Congressman Carter want to spend $70,000 of public money to buy the local vote, let them give each one of us $35 apiece next Christmas. It would do more good all around.

GEORGE POST WINS PRAISE

NILES—One of the young artists of this section who is receiving high praise from critics is George Post, friend of Dr. and Mr. E. C. Grau of Niles, and who has visited here a number of times. Niles people visited Mr. Post's one-man exhibit in the Oakland Art Gallery this past week and were delighted with the showing. A recent comment on the exhibit was made as follows by H. L. Dungan, art editor of the Oakland Tribune:

George Post was born in Oakland 31 years ago. It was a good idea. We predict that, in a few years, Oakland will have some special chest upheavals as the proud birth-place of a notable son. It should start practicing deep breathing at once.

Post's water colors are on exhibition at the Oakland Art Gallery. It is a splendid show—we were about to say a "great show", but we shall reserve that expression for use when he holds another one-man show in Oakland in 1947. Ten years will ripen his work, not that it is not mature now, but we feel that ten years hence (we hope we'll be here) Post will do work that will live. Time has given us many painters but few great artists. Post is on the road to great art. His future depends on himself; on keeping his clear thinking, his calm but vigorous approach to art.

Post's water colors are large. They are clean, flowing masses of color, rich and vibrant. Sometimes they fairly dance, but the dance is the graceful waltz; no fox trots. He knows his shadows and he knows how to make hills solid. There is no backing and filling in his paintings; once the brush is through, that's the end of it. The Japanese painter on silk cannot retrace his steps; Post, on paper, does not, so far as we could discover. Our inspection was rather close.

Post uses a smoother paper than most water colorists. This offers difficulties to the painter, unless he is sure of his brush. Post is sure.

The exhibition is of scenes hereabouts from the Mother Lode region to the Bay Bridge. Post shows four Bay Bridge views. It's a subject painters should avoid.

There are certain things no painter can do—the Bay Bridge, redwoods, the Grand Canyon. One Bay Bridge scene Post does rather well, but we like better, for instance, his "Mother Lode Barn", a rambling wreck of the yesterdays in grays relieved with a touch of yellow, a bit of green, a spot of red. And there are many other paintings of equal interest.

Post, after arranging for his birth in Oakland, studied at the California School of Fine Arts, we do not know how successfully. He took up water colors on his own. Sometimes these self-taught artists do very well. Post won the Artists' Fund prize at the San Francisco annual in 1936 and was the Oakland Art Gallery's "guest of honor" fo rits 1936 water color annual. His home is in San Francisco.

LEGION TO CHOOSE OFFICERS

New officers will be elected by the Washington Township Post of the American Legion on Tuesday night, Sept. 14. Manuel Brazil has been nominated to succeed Jack Vieux as commander. Adjutant Frank Veit of Newark will represent the 10th District at the National Legion convention at New York City beginning Sept. 20. This is the seventh time Veit has served as chairman of the 10th district deleyation.

MASONIC HOME, Decoto. The home was cheered Saturday with the 15th annual visit of Oakland lodge No. 188, Frank Alfred West, Master. The men of the home were entertained by the officers of the visiting lodge in the afternoon by the conferring of the degree of Master Mason in the temple. Sound motion pictures, the equipment for which was recently installed, are now shown in the assembly hall each Thursday evening and are much enjoyed.

GOODRICH DID IT—AND WE HAVE IT

CARS have been made safer; highways improved—still thousands are killed or injured every year in blow-out accidents! Realizing that the terrific heat generated *inside* all tires at high speeds was the great unseen *cause* of blow-outs, Goodrich engineers set to work to develop a safer tire—a tire that would give real blow-out protection.

Their answer was the Goodrich Silvertown with the Life-Saver Golden Ply. The Golden Ply is a layer of special rubber and full-floating cords, scientifically treated to resist this terrific *blowout-causing* heat. And think of it! The Goodrich Safety Silvertown is the *only* tire in the world with this Life-Saver Golden Ply. Play safe.
